Application form can be downloaded from www.nijalingappasugar.com

S.Nijalingappa Sugar Institute

The institute has been set up at Belagavi in the year 2003 to promote and develop the sugar industry and the cultivation of sugarcane in the 'sugar bowl' district of Karnataka with 22 operating sugar mills. In 2010 the institute was renamed as 'S. Nijalingappa Sugar Institute' to commemorate the memories of the former Chief Minister of Karnataka Shri S. Nijalingappa.

Currently the aim of sugar mills is not only sugar production but also extend the field of ethanol blending, electricity, CNG, fertilizer, paper board etc. there are approximately 600 sugar mills operating in India.

S. Nijalingappa Sugar Institute, Belagavi is continuously making efforts to guide sugar mills and its allied industries in Karnataka. For efficient operation of sugar plant, there is a need of skilled man power specifically sugar and its allied industry. SNSI, Belagavi is the only college in the state that offers such a degree course.

This organization provides employment for all the students in various **Sugar factories, Distilleries, Brewing and other allied fields all over India.**

Our Pride

Our students working in various Sugar & its Allied field
